

PMA India Special Bulletin Jan - Mar 2025

EXCELLENCE IN PROJECT MANAGEMENT:

We are delighted to recognize these prestigious organizations that have demonstrated exceptional commitment to project management excellence by achieving IPMA Level Certification for their professionals during the last quarter (January-March 2025):

The organizations highlighted in this newsletter have reported improved project outcomes following their IPMA certification initiatives.

WHY IPMA CERTIFICATION MATTERS:

- Endorsed by 70+ member countries of IPMA.
- Focuses on applied knowledge, behavioral skills, and contextual performance.
- Strengthens people management and communication in complex projects.
- Applicable across domains— aerospace, engineering, infrastructure, energy, defense, construction, manufacturing, power and more.

As project environments grow in complexity and scale, the demand for competent project professionals will only rise.

PMA India is committed to supporting this growth through globally benchmarked training and certification programs.

IPMA CERTIFICATION

www.pma-india.org
